

How to become a new patient at Richmond Family Medicine:

We are so pleased to welcome new patients into our practice - thank you for choosing us to help you maintain good health! Before you can be seen for your first visit, here are some things you need to know, and some actions you need to take:

- ❑ **This is a partnership!** We truly care for our patients, and consider them to be part of our family. We believe we provide the best treatment available in the area. We also expect a lot of our patients - and this is because the best outcomes happen for those patients who are fully engaged in their treatment plan. By designating Richmond Family Medicine as your primary care provider, you are creating a partnership for the management of your health. We ask that all patients read and understand our welcome letter that spells out the expectations of this partnership.
- ❑ **We need to know your history!** Access to, and review of, your previous medical records are an absolute necessity to establishing care in our office and making your first appointment. Here's why:
 - 1) It is potentially unsafe to treat you for any conditions without understanding your medical history - both reported by you AND your previous providers. We simply cannot treat you without this information.
 - 2) We need to be certain we will be able to meet your needs. We follow strict policies that dictate our diagnosis and treatment behaviors, following nationally recognized medical guidelines. If you are expecting a specific treatment that we are not able to provide, we may decline your acceptance into our practice and make other recommendations for care.
- ❑ **You must understand our billing policy!** While we truly believe that high quality medical care is a right and not a privilege, that care comes at a real cost and we expect that patients will ensure payment for all charges incurred in our office. Since most patients have insurance, that means we require patients to provide us with up to date insurance cards, address and contact information, and to pay for any co-pays and outstanding balances at the time of visit. Patients without insurance must pay for services at the time of visit. We offer a 20% discount for these payments. Patients with a history of non-payment at other practices may be declined for acceptance in our office. Please take the time to read our complete billing policy.
- ❑ **You will need to complete some paperwork!** The following forms must be completed and submitted to us (by mail, fax, or in person)
 - 1) New patient registration
 - 2) Release of records request form(s) - complete one for each of your previous medical providers and/or specialists you've seenAdditionally, we will need to scan a copy of your insurance card and photo ID into our system to ensure proper identification and prevent spelling or address errors.
- ❑ **We don't do "Meet and Greet" visits!** We have a very large panel of patients, and want to ensure we are able to see every patient that needs to be seen for treatment. As a result, we are simply unable to set aside time to meet with potential new patients looking to see if there is a connection between patient and provider. All new patient visits require a reason for visit - for a variety of reasons we prefer that to be a problem focused visit rather than a wellness check - but there must be a reason! If for some reason there isn't a connection between patient and provider after that first visit, we have other providers accepting new patients and there will be no bad feelings if you opt to switch providers. If after that visit you prefer not to continue care in our office we will be happy to pass along your records to your new provider.

So... what happens next? Here are the nuts & bolts of our process:

- 1) If you need any medications refilled, or are in the middle of a complex treatment contact your current primary care provider to coordinate. Once your records are sent to us, they may not provide you with any refills - but we cannot guarantee your acceptance into our practice and continuation of treatment plans until your records have been received, reviewed, and approved by your designated primary care in our office.
- 2) Complete our new patient registration packet and submit it to us by mail, fax or in person.
- 3) We will create a chart for you in our electronic system and submit your medical records requests to your previous providers.
- 4) The record request process can take up to a month for some facilities to send records, so we ask patients to check back periodically to see if records have been received and reviewed so a new patient appointment can be scheduled. If you need to be seen acutely before records have been received, you may be referred to an urgent care center in the interim.
- 5) Once records have been received, they are forwarded along to your designated Primary Care Provider for review and acceptance. If there are any concerns based on your history, you will be contacted. If not, you will be marked as an accepted patient in our system who is able to schedule appointments.

RICHMOND Family Medicine

30 West Main Street
Richmond, VT 05477

Welcome to Richmond Family Medicine!

We are very excited you have joined our practice and we sincerely hope you are happy with the care you receive. As a new patient to our practice, you may have some questions about how we operate, how to contact us, and what to expect of this new relationship with us. The information below will hopefully help to address some of those questions, but please feel free to contact us if you need more information at any point.

What exactly is Family Medicine?

Family Medicine is a specialty which provides ongoing comprehensive care for individuals and families. The scope of Family Medicine is broad, as it incorporates a variety of specialties into the care for patients of all ages, genders, and medical conditions. Our approach toward medicine is to evaluate the whole person, and work with our patients to improve health and prevent disease. We follow evidence based medicine practices in caring for our patients. As your primary care resource, we also help coordinate care with other specialists or facilities.

How to reach us:

By phone: (802) 434.4123

On the web: www.richmondfamilymedicine.org (and we're on Facebook!)

Our Hours:

Monday - Friday: 8:00-5:00

Saturday: 9:00-12:00 (*For urgent concerns only)

After hours: An on call clinician is always available for urgent concerns through our paging service.
To reach a clinician off hours, dial our main line and press "1" to have a clinician paged.

What you can expect from us:

In our practice, we offer a broad range of services & treatments for patients of all ages, including:

- Immunizations
- Annual Physicals
- Medicare Wellness Exams
- Women's health care
- Well Child Check-ups
- Chronic condition management
- A wide variety of in house lab tests
- Urgent care (injuries, cuts, stitches)
- Common illnesses (fever, flu, colds)
- Psychiatric care
- Medicine management
- Nutrition counseling

If you are ever unsure if or when you should come in to see us, please call. Our nursing staff can assist in your decision making process. Our clinical staff can process refills for some prescriptions over the phone. Both of these options are available through our phone system.

How you can help us in your care:

- Before your visit, write down a list of concerns and questions so we can be sure nothing important is missed
- Provide us with a list of all medications (including over the counter medications)
- Call us before you go to the Emergency Room or hospital, or at least let us know as soon as possible that you've gone
- Arrive early for appointments, or provide 24 hours' notice if you are unable to keep an appointment
- Understand your insurance coverage and notify us of any significant changes to your records
- Let us know if you are seeing any specialists/providers, and sign a release so we may coordinate care
- Be an active participant in your healthcare and take care of your mind and body!

We're so happy you chose to join our practice, and we look forward to a long relationship with you and your family. Please let us know how we can serve you best – we appreciate and welcome your feedback.

Sincerely,

Dr. Daniel Goodyear

Dr. Hannah Rabin

Dr. Gil Theriault

Courtney Ledger, APRN

Kristy Garbarino, APRN

PAYMENT IS YOUR RESPONSIBILITY (copy for your records)

As a courtesy to you and to expedite payment, we will be happy to bill your insurance plan if you provide us with accurate insurance details. Please note these details may include personal information for a spouse or parent if they are the subscriber on your plan. A copy of our complete payment policy can be found on our website or in our office.

Other IMPORTANT notes on our billing policy of which you MUST be aware:

- Any co-pays are due when you arrive for your visit.
- If you have a deductible based plan, we may also collect a portion of today's fees at your visit.
- After your insurance company has processed your claim and made payment, we will send a statement for any remaining balance. Payment is due upon receipt of that statement.
- It is **your responsibility to understand what your plan does/does not cover for services and procedures**
- If you are unsure and concerned over whether a service will be covered, we will do our best to assist in that research however **you must ask for assistance BEFORE the service**
- Most bloodwork and other samples are sent to Fletcher Allen for testing. THESE SERVICES ARE BILLED DIRECTLY BY FLETCHER ALLEN

I HAVE READ THE ABOVE PARAGRAPH AND UNDERSTAND MY RESPONSIBILITY.

SIGNATURE: _____ Signed Electronically _____ DATE: _____

PATIENT CONSENT FORM (copy for your records)

The following are IMPORTANT notes regarding our privacy policy of which you MUST be aware:

- You have the right to request a complete copy of our Notice of Privacy Practices at any point.
- This policy provides specific guidelines for how we can use and disclose your medical records.
- We will always work diligently to respect and protect the privacy of your personal medical records.
- When it is appropriate and necessary we provide the minimum necessary information to other groups or individuals. Some specific examples of these appropriate disclosures are:
 - o Referrals to specialists
 - o Submitting prescription information to a pharmacy
 - o Billing your insurance carrier
 - o Sending bloodwork or other samples to Fletcher Allen or other testing facilities
 - o Immunization records to the state and to schools
- Any requested disclosures beyond those deemed appropriate and necessary for your treatment, payment or health care operations will require written consent by you before we can share information.
- You can also request a personal copy of your medical records at any point, however a reasonable copying fee may be assessed for this copy.
- With your signature below, you are also giving this office permission to electronically retrieve your prescription record from your pharmacy.
- With your signature, you are authorizing our clinical staff to access your medical information from Fletcher Allen's electronic health record AND the statewide electronic health record (VITL)

You may refuse to consent to the use or disclosure of your personal health information, but this must be in writing. Under this law, we have the right to refuse to treat you should you choose to refuse to disclose your Personal Health Information (PHI). If you choose to give consent in this document, at some future time you may request to refuse all or part of your PHI. You may not revoke actions that have already been taken which relied on this or previously signed consent. If you have any objections to this form, please ask to speak with our HIPAA Compliance Officer. You have the right to review our privacy notice, to request restrictions and revoke consent in writing at any point. A copy of our complete privacy policy can be found on our website or in our office.
